Hi Jenna,

I wanted to circle back with you regarding the JLR Global, LLC et al case. Jameson had a chance to discuss with our underwriting team, and based on our current understanding, while we still think that this case may have strong liability, it's likely not yet a good fit for our investment criteria at this time. We wanted to let you know sooner rather than later.

Can you keep us in the loop as the case progresses? We look forward to seeing how things progress and hopefully working together in the future.

Best,

Suzette L. Petrasanta
